

T-CHART

A **T-Chart** is used for listing two separate viewpoints of a topic. Topics can include anything that can be cleanly divided into two opposing views. For example, evaluating the pros and cons of a major decision is a common use of T-Charts. Other opposing views that work well include facts vs. opinions, advantages and disadvantages, strengths and weaknesses, myths and realities, features and benefits, for and against, cause and effects.

Example:

Topic: _____

<i>Strengths</i>	<i>Weakness</i>
